Transform Your Space into a Masterpiece

ARABELA
— LIGHTING —

It is our pleasure at Arabela Lighting to present to you our latest catalog, thoughtfully curated to showcase the full assortment of our exceptional Lighting designs. Each Collection has been crafted with a deep commitment to design sophistication, using both man made and natural materials that enhance the way light refracts within a space—bringing your space to life with warmth, depth, and character. Every piece reflects our dedication to quality, performance, and long-term value, ensuring we continue to meet the evolving needs of our customers and yours.

Within these pages, you will find both our established offerings and an array of new additions designed to elevate your environment inside your space and outdoors. From refined textures to meticulously chosen finishes, our newest designs highlight the unique interplay between form, function, and natural light, creating spaces that feel both timeless and inspiring.

As always, our team is committed to delivering outstanding service and personalized support. With our fully stocked warehouses on both coasts, we can deliver your product even faster. Should you require further information or assistance, we invite you to contact us at any time.

Thank you for your continued trust in our company. We look forward to serving you and supporting your success in the year ahead.

Fiore

The beauty of nature is showcased with the Fiore collection. Overlapping layers of softly curved hand-formed glass leaves form an organic sculpture of masterful artistic expression. Each fixture emits a soft glowing light that highlights the unique texture and pattern of the glass. Finished in Antique Gold Leaf with Caribbean Blue or Arctic Mist glass.

Sophie

The Sophie collection features an attractive and refined design with cascading clear textured glass. Each glass has a gentle arch which softens the overall shape adding style and sophistication. Horizontal rings help define the overall shape and contrast the glass. Finishes include Lacquered Gold and Matte Black.

Crystal Fusion

The Crystal Fusion collection has a nature-inspired design of dense, angular branches highlighted with an abundance of large faceted clear crystal. Overlapping metal branches and crystal create an organic fusion of nature and sparkling light. The Peruvian Gold finish has a soft hue that compliments the crystal.

Strata

The Strata collection features overlapping layers of clear, frosted, and gold-leafed glass arranged to mimic a modern art sculpture. The offset glass combined with the tapering rounded shape and multiple tones adds a deep, rich texture appreciated from any angle. The Lacquered Gold finish compliments the tones of glass.

Chateau

The Chateau collection features curved glass panels that are arranged in overlapping layers forming beautiful silhouettes. The light becomes captured within the patterned glass and reveals a mysterious and warm glow of light that will add elegance to any setting. Finishes include Satin Brass with Arctic Mist glass or Polished Chrome with Ember glass.

Mod

Elevate the look of any space with fresh retro styling of the Mod collection. Each glass ball has LEDs that are integrated into the glass creating a bright, defined light. The glass attaches to each other forming strands of light that will add a striking Mid-Century vibe to any space. The striated white glass contrasts the Satin Brass finish.
